October 12, 2014

Hon: Tom Abinnanti,

The Westchester Hispanic Law Enforcement Association is proud to Endorse you for New York State Assembly. It is an Honor to **offer our Associations Official Endorsement** and help in any way that we can in your political campaign. We believe in you and the issues that you stand for. The work that you do for the minority community, in particular, the Hispanic community, is a testament to your understanding on the issues at hand.

The Westchester Hispanic Law Enforcement Association (WHLEA) is a non for profit organization created to inspire, support, and foster leadership in the law enforcement community of Westchester County. Since our establishment in 1996, we are steadfast in the knowledge that we have had a positive impact in the Westchester communities we serve and raise our families in. Our membership consists of active and retired law enforcement officers from all over Westchester County, as well as members of State and Federal agencies. In addition, we are fortunate to have civilian associated members who are either business professionals or community leaders, who want to help us in accomplishing our mission.

As an Association we would like to extend our best wishes for a year of great success to you and your office. We look forward to working together and continuing to develop our positive relationship.

Very Truly Yours,

*Hector Lopez*

Sgt. Hector Lopez
